**WEATHER**

Currently weather is unchanged from previous reports, skies are overcast with good visibility, wind is from the North around 12kts, and 4-5ft seas. There is a tropical depression near 12.0N 139.7W moving West at 16kts. The depression is predicted to turn into a tropical storm in the next 24hrs. Its location and track are such that it should not effect us but we will continue to monitor all developments. Thanks and Gig' Em.
